

**DNA COLOR TEST ORDER FORM**

Heritage Horse International provides DNA color testing through UC Davis of California. Testing is simple and only requires a 30-40 hairs to be removed, **by the roots**, from the mane or tail of the horse. For foals it is best to use tail hair. After testing is completed, a laminated copy of the results will be mailed to you.

Send completed form and total of all the requested tests in U.S. Dollars

Made payable to Heritage Horse International  
 Mail to: Heritage Horse International, 1266 150<sup>th</sup> Avenue, Ogilvie, MN 56358.
