

Friesian Heritage Horse

& SPORHORSE INTERNATIONAL

DNA COLOR TEST ORDER FORM

Heritage Horse International provides DNA color testing through UC Davis of California. The test is simple and only requires a 30-40 hairs to be removed, **by the roots**, from the mane or tail of the horse. For very young foals it is best to use tail hair. When testing is completed, a laminated copy of the results will be mailed to you .

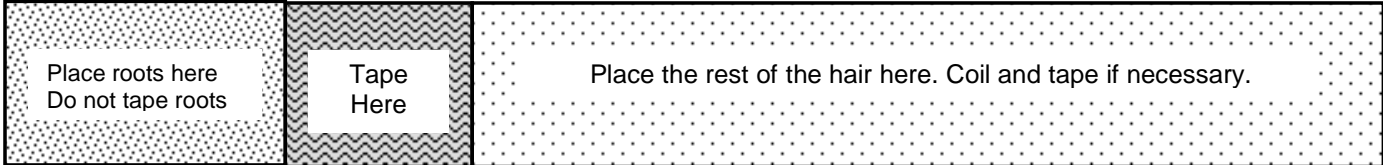

Send completed form and total of all the requested tests in U.S. Dollars

Make funds payable to Heritage Horse International
OR Bill me by PayPal (A small PP fee will be added)
Add \$5 for an address outside of USA & Canada

Mail to: Heritage Horse International
1266 150th Avenue
