Payment _____	Method _____
Registration Number _____	
Registered Horse DNA _____	
Sire DNA _____	Dam DNA _____
Hair Yes <input type="checkbox"/> No <input type="checkbox"/> ↔ Photos Yes <input type="checkbox"/> No <input type="checkbox"/>	
Items _____	

- ◆ **All Four Pages** must be completed. **Please print clearly.**  
 Your papers will be significantly delayed if there are illegible or missing information or items.
- ◆ **Photos-3** or more clear, close photos of the horse that clearly show all markings; left & right side, and one close-up of the horses face from the front. Photos can be **EMAILED** to **HH@FriesianHeritage.com**, but horse's 1<sup>st</sup> choice name **MUST BE** in the subject line.  
 If sending photos **BY MAIL**, photos **MUST BE** on photo quality paper and must have the 1<sup>st</sup> choice name of the horse, written on the back of each one. When possible, please also provide one newborn photo, and one side view photo of the Sire and Dam.  
 Photo requirements can be waived, if prohibited by religion.
- ◆ **Hair Sample** is **mandatory** for each application. There is no fee for this, unless DNA testing is ordered. **See page 4.**
- ◆ **Pedigrees of Parents** Enclose a copy of the sire and dam's registration papers and/or pedigree.
- ◆ **Include Payment in U.S. Dollars**  \$55.00 for Registration Only **OR**  \$80.00 for Registration with DNA testing.
- ◆ **Make funds payable to Heritage Horse International** **OR** **Bill me by PayPal**  (A small PP fee will be added)

**Mail to: Heritage Horse International**  
**1266 150<sup>th</sup> Avenue**  
**Ogilvie, MN 56358**

**A NAME SELECTIONS** You may use a farm name like Peter Pan of Neverland Ranch. Please do not use one-word names. Please provide at least two name options. Avoid using punctuation marks or numbers in the name choices. Names may not exceed 30 characters (spaces included). The HH reserves the right to disallow the use of names already commonly established by another farm as their "trade-name"(s). Well-known sire names may not be used in the name, unless the horse is directly related to the sire and/or written permission is given by the owner of the sire.

1) \_\_\_\_\_ 2) \_\_\_\_\_

Is this horse registered with another registry? Yes  No  If yes, please send a copy of the papers with the pedigree.

Optional: Please add these additional numbers to my registration certificate.

USEF # \_\_\_\_\_ USDF # \_\_\_\_\_ IFSHA # \_\_\_\_\_

**B FOALING INFORMATION** Date of Birth (MM/DD/YY) \_\_\_\_\_ or Date of birth is approximate

## G HYPP REQUIREMENTS & GENETIC DEFECTS

All owners are strongly encouraged to HYPP test horses who have unknown lineage or horses that are related to the American Quarter Horse, Impressive. HYPP status will be noted on the papers. It is the goal of the HH to eliminate genetic defects (e.g., umbilical hernias, undescended testicle, club-feet, etc.), whenever possible. I am disclosing that this horse has or may have the genetic defect listed:

None  OR Defect: \_\_\_\_\_

## H TYPE OF CERTIFICATES:

<input type="checkbox"/> Heritage Horse Registration (25% to 99.9% Friesian ancestry)	<input type="checkbox"/> Purebred Friesian Registration
<input type="checkbox"/> Recorded Certificate - This certificate is for horses of 25% to 100% Friesian ancestry who are already registered elsewhere and not allowed to double register.	
<b>*HH offers advanced registration certificates.</b> They are available to horses who have completed a HH recognized inspection with a qualifying score and/or have achieved specific requirements in open competition. Please submit copies of inspection results or show scores to be considered for advanced registration <b>SEE</b> <a href="http://www.HeritageHorse.com">www.HeritageHorse.com</a> for further details.	

## I DECLARATION OF OWNERSHIP:

If you **BRED** the horse, supply us with the information below ▼ If the stallion owner supplied you with a different page or form, please send.

If you **PURCHASED** the horse being registered, you may send us other proof of ownership, i.e., papers in your name, bill of sale or canceled check, instead of obtaining the breeders' signatures below. We also accept copies of other registries' paper-work with the signatures.

**J OWNER SIGNATURE & DECLARATION** I hereby declare that the information provided on this form is to the best of my knowledge true and correct. I am the rightful owner(s) of the horse being registered. I understand that the horse may be removed from the registry if inaccurate information is discovered.

Signature(s) \_\_\_\_\_ Date \_\_\_\_\_

## DNA & HAIR SAMPLE PAGE

Horse's name must be written in the box below ▼

DNA has become the industry standard for all credible registries. Some show circuits, such as International Friesian Show Horse Association (IFSHA), require DNA before you can show. It is important to know that there is no test to determine if a horse is of a particular breed. Therefore, comparing DNA from an offspring to its parent(s) is the only valid way to determine ancestry. It is essential to maintain unbroken DNA links, through the generations, in order to preserve and authenticate a bloodline. Beware of registries that DNA test without parent verification. DNA markers alone, without the parent verification, cannot substantiate lineage.

### **K DNA PARENT VERIFICATION REQUIREMENTS**

HH strongly recommends that all horses of Friesian Heritage be DNA tested at the time of registration, so it can be noted on the registration certificate. When a horse has been DNA tested, "On File" will be written on their papers. When they have not been DNA tested, "Not on File" will be written on their papers. Although DNA is not required for all horses at this time, it is required for Purebred Friesians and breeding horses.

◆ **Purebred Friesians:** Must be DNA tested with HH **OR** registered and DNA tested with another credible Friesian registry **OR** you may supply us with a copy of existing DNA markers.

◆ **Sires & Dams:** All breeding horses of Friesian ancestry, who are registered with HH, must have DNA on file with HH, before their offspring can be registered with HH.

**Please choose one of the following:**

- Horse has been previously DNA tested and I am supplying a copy of the markers and/or UC Davis case number: \_\_\_\_\_
- I WISH TO ORDER** a DNA marker/parentage test, along with registration, for the total price of \$80.00.  
The owner will be mailed a laminated copy of the results, at the time the registration certificate is mailed.
- I DO NOT WISH** to order DNA testing at this time. I am supplying the required hair sample to be placed on file with HH

**Note:** In order to conduct parent verification tests, a \$15 DNA conversion fee may be required for any horses DNA tested at any lab other than UC Davis. In some cases, a conversion fee(s) may also be required on the sire and/or dam of horse being registered. All hair submitted becomes the property of HH.

	<p><b>Directions:</b>  <b>Pull 40 to 50 mane or tail hairs out by the roots.</b>  <b>Do NOT touch or place tape on root ends.</b></p> <p>◀ <b>Roots of hair must be placed in this white box.</b>  <b>The roots should not touch the ink lines.</b></p> <p><b>Tape the shafts of the hair, coil if necessary.</b></p>
<p><b>Please DO NOT put hair inside of a plastic bag.</b>  <b>Fold bottom of this sheet upward to cover the hair.</b></p>
