Items _____	

- ◆ **PLEASE READ ALL DIRECTIONS CAREFULLY** All four pages must be completed. **Please print clearly.**
Your papers will be significantly delayed if there are illegible or missing information or items.
- ◆ **Photos-3** or more clear, close photos of the horse that clearly show all markings; left & right side, and one close-up of the horses face from the front. **Photos by email are preferred;** mail to **GHH@FriesianHeritage.com**. Horse's 1st choice name **MUST BE** in the subject line. If sending photos **BY MAIL**, photos **MUST BE** on photo quality paper and must have the 1st choice name of the horse, written on the back of each one. When possible, please also provide one newborn photo, and one side view photo of the Sire and Dam.
- ◆ **Parentage DNA Testing** is **mandatory** for each application. Please attach a hair sample or copy of previous DNA testing.
 - ◆ **Pedigrees & DNA of Parents** Enclose a copy of the sire and dam's registration papers and/or pedigree, unless you know they are already on file with GHH. For Gypsy sires & dams, who are not already on file with the GHH, please obtain DNA markers from their Gypsy registry and send a copy with this form. Please note: The GVHS will release copies of DNA markers to the registered owner of the horse only.
- ◆ **Include Payment in U.S. Dollars** **\$80.00 for Registration with DNA testing.**
 \$60.00 for Registration with owner supplying previous DNA test. (this does not include conversion fee(s) if required)
- ◆ **Make funds payable to Heritage Horse International OR Bill me by PayPal** (A small PP fee will be added)

Mail to: Heritage Horse International / 1266 150th Avenue / Ogilvie, MN 56358

A NAME SELECTIONS Please do not use one-word names. *If a one word name is used an initial will be added to the horses name.* You may use a farm name like Peter Pan of Neverland Ranch. Please provide at least two name options. Avoid using punctuation marks or numbers in the name choices. Names may not exceed 30 characters (spaces included). The HH reserves the right to disallow the use of names already commonly established by another farm as their "trade-name"(s). Well-known sire names may not be used in the name, unless the horse is directly related to the sire and/or written permission is given by the owner of the sire.

1) _____ 2) _____

Is this horse registered with another registry? Yes No If yes, please send a copy of the papers with the pedigree.

I am the rightful owner(s) of the horse being registered. I understand that the horse may be removed from the registry if inaccurate information is discovered.

Signature(s) _____ Date _____

DNA & HAIR SAMPLE PAGE
Horse's name must be written in the box below ▼

DNA has become the industry standard for all credible registries. Some show circuits, such as International Friesian Show Horse Association (IFSHA), require DNA before you can show. It is important to know that there is no test to determine if a horse is of a particular breed. Therefore, comparing DNA from an offspring to its parent(s) is the only valid way to determine ancestry. It is essential to maintain unbroken DNA links, through the generations, in order to preserve and authenticate a bloodline. Beware of registries that DNA test without parent verification. DNA markers alone, without the parent verification, cannot substantiate lineage.

J DNA PARENT VERIFICATION REQUIREMENTS

When a horse has been DNA tested, "On File" will be written on their papers. When a horse has been verified to its sire a "v" will immediately follow the words "On File". When verified to the dam, a "m" will follow. When verified to both parents, a "vm" will follow.

Sires & Dams: Must be DNA tested with HH OR registered and DNA tested with another **credible registry** OR you may supply us with a copy of existing DNA parentage markers.

Please choose one of the following:

- I WISH TO ORDER** a DNA marker/parentage test, included with registration, for the total price of \$80.00.
The owner will be mailed a laminated copy of the results, at the time the registration certificate is mailed.
- Horse has been previously DNA tested through UC Davis and I am supplying a copy of the markers and/or case number: _____
- Horse has been previously DNA tested through a lab other than UC Davis and I am supplying a copy of the markers **and I am including the \$15.00 conversion fee.**

Note: In order to conduct parent verification tests, a \$15 DNA conversion fee may be required for any horses DNA tested at any lab other than UC Davis. In some cases, a conversion fee(s) may also be required on the sire and/or dam of horse being registered. All hair submitted becomes the property of HH.

	<p>Directions: Pull 40 to 50 mane or tail hairs out by the roots. Do NOT touch or place tape on root ends.</p> <p>◀ Roots of hair must be placed in this white box. The roots should not touch the ink lines.</p> <p>Tape the shafts of the hair, coil if necessary.</p>
--	---

Attach hair to this form only. Please DO NOT ever put hair inside a plastic bag.
Fold bottom of this sheet upward to cover the hair.
